Service & Support

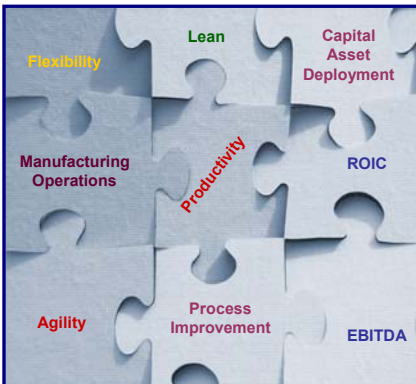

- ❑ Training
- ❑ Maintenance
- ❑ Retooling and Refurbishing

Factory Automation

Solutions

OBJECTIVES

Productivity Improvement

Capital Asset Deployment

MEANS

Lean Manufacturing Practices

Flexible and Agile Automation

RESULTS

Incremental Operating Cashflow (EBITDA)

Return on Invested Capital (ROIC)

Wes-Tech Automation Solutions designs, builds, and implements innovative factory automation solutions consistent with best practices in manufacturing and automation. Our solutions help our customers compete better.

We create value for our manufacturing customers by improving productivity and operational performance while achieving optimal capital asset deployment and return on investment.

What You Need From Your Factory Automation Partner:

- ✓ Best Return on Invested Capital
- ✓ Record Time-To-Market While Managing Project and Supply Chain Risk
- ✓ Lowest Total Ownership Cost
- ✓ Delivery of Integrated Solutions
